

Tilmaamaha dhaqida ee

HiBiScrub® 40 mg/ml jidhka oo dhan loogu dhaqaayo

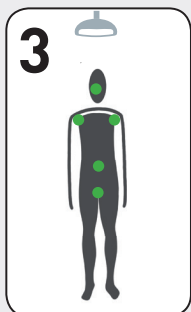

Waxa muhiim ah in dhaqista dhamaan maqaarka oo dhan la wada gaadhsiiyo. Raac tilmaamaha wax dhaqista ee shaqaalaha daryeelka. Caawimo weydiiso haddii aanad meel kasta wada gaadheyn.

1 Jidhka oo dhan wada qoy iyadoo aad biyaha xidhayso.

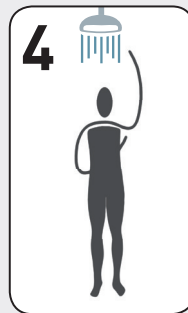

2 Qaado HiBiScrub oo ku meydth timaha. Iska ilaali inay saabuuntu indhaha iyo dhagaha kaa gasho.

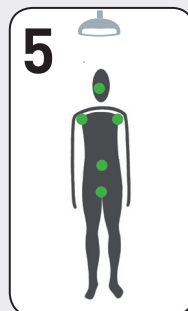

3 Ku qaado HiBiScrub gacanta ama burush qoyan, iyadoo aad jidhka oo dhan si taxadir leh ugu wada maydhayso. Xagga sare ka soo bilow oo hoos u soo wad.

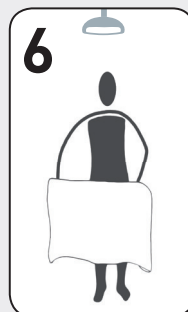

Si taxadir leh u maydh:
A – sankha iyo afka agtiisa
B – kilaan kilooyinka
C – xundhurta
D – xubnaha taranka iyo gumaarka

4 Ka wada maydh dhamaan saabuunta.

5 Ku soo celi qodobada 2–4. Waxa aad hadda sameysay waxa loo yaqaan laba qubeysi.

6 Isku qalaji tuwaal nadiif ah. Xagga sare ka soo bilow oo hoos u soo wad. Qaado dhar nadiif ah iyadoo aad sariirtana go'yaasha ka badalayso.
